

<b>Product Change</b>
Introduction of new perma STAR CONTROL Generation 2.0
<b>PCN-No.:</b>
1410-02-00
<b>Date:</b>
2014/10/01
<b>Description of Change:</b>
perma STAR CONTROL Generation 2.0 (part # 108985) replaces perma STAR CONTROL TIME (part # 101366) and perma STAR CONTROL IMPULSE (part # 101367). The new drive unit combines both operating modes (TIME and IMPULSE).
<b>Details:</b>
Design and functionality of the new perma STAR CONTROL Generation 2.0 is similar to perma STAR VARIO Generation 2.0. It will be introduced at the 1 <sup>st</sup> of January 2015.

perma STAR CONTROL Generation 2.0 has a new cable with screw-on connection (part # 108431 / 10 m and part # 108432 / 5 m). The old cable with snap connection can still be used with the new perma STAR CONTROL Generation 2.0.
The following accessories can be ordered for perma STAR CONTROL Generation 2.0: <ul style="list-style-type: none"> <li>• Protection cap STAR L250 (109519)</li> <li>• Protection cap STAR M120 / S60 (109520)</li> <li>• Adapter cable STAR CONTROL 30 cm angled (109521) for applications with new protection caps.</li> </ul>
